THE 1966
YAN - TAT

EDITED by the
SENIOR CLASS of

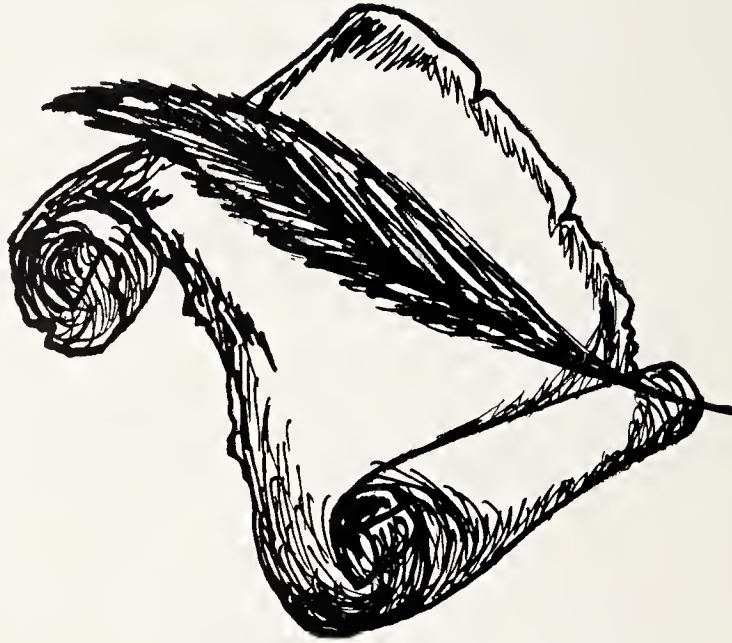

BARTLETT YANCEY
HIGH SCHOOL

Yanceyville, North Carolina

THE FOREWORD

"Time is a sort of river of passing events, and strong is its current; no sooner is a thing brought to sight than it is swept by and another takes its place, and this too will be swept away."

It is with joyous spirit that we, the annual staff, have prepared this nineteen hundred and sixty-six edition of the Yan-Tat. It is our hope that the many memorable events of our past school year will be eternally preserved in the pages of this book, so that neither time nor trials may rob you of your remembrances.

Mr. J. D. Foster

As we near the end of our high school days, we look back to see that many have played a part in our development. One we remember especially for his friendly smile and warm sense of humor. His genuine interest and willingness to listen to our problems have been a source of encouragement and comfort. For this reason, we, the SENIOR CLASS OF 1966, proudly dedicate our annual to Mr. J. D. Foster.

The Student Council consists of members chosen from each homeroom. These students are chosen for their leadership and co-operation.

The goal of the Student Council is to help improve our school, and help other students to accept the responsibilities that are rightfully theirs.

The Barlett Yancey High Chapter of the Future Teachers of America is a relatively new organization in our school. It is composed of boys and girls who would like to center their careers around the teaching profession. The members of the club get experience by observing a teacher and her students while having class. They learn how the teacher carries out the lesson and the reactions of the students. The experiences are very helpful to a Future Teacher.

F.F.A.

The Future Farmers of America of F.F.A. as it is commonly called is a national organization for urban and farm boys from 14 to 21 years of age. It was organized in 1928 by some devoted agriculture teachers who felt that farm boys needed more than just learning how to farm. Since then it has become one of the greatest organizations for boys in the world. It not only has an active membership in the U.S., but in Puerto Rico also.

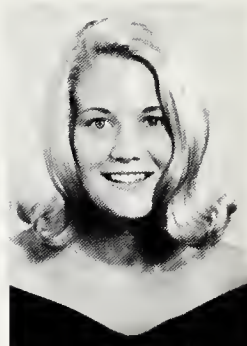

The primary aim of the F.F.A. is to develop aggressive, competent leadership. No time in our nation's history has the need been so great.

The F.F.A. is a natural and practical program which believes in having by doing. It helps to explore careers directly related to agriculture and to recognize a need for continuing education.

Treasure Chest

A high school paper has a high educational value to student workers and a special value and acceptability to student readers.

The purpose of a school paper is to publish the news and events of student and school life. It may also be a springboard for those students who will pursue careers in journalism or allied fields, where it helps to know how to write clearly and concisely.

The school newspaper reflects the kind of school it represents. So, it is very important that it be at its best.

Mr. Plumblee, Mary Grace Anderson, Carol Wright, Daphne Lunsford, Annie Ruth Roberts, Anne Brandon, Mrs. Lassiter, Gail Manning.

Alma Mater

Of all the schools in old Caswell,
She is the very best.
We'll sing out the glory,
And we'll tell out the story,
Of the school we love the best.
Then hail all hail to Bartlett Yancey,
Our Alma Mater true,
And we'll ever stand,
Every heart and hand,
For the honor of Yanceyville High!

In Memoriam

Larry Lee Hamlett

We cannot think of them as dead who walk with us no more
Along the path of life we tread; they have but gone before.

The Father's house is mansioned fair beyond our vision dim;
All souls are His, and here or there are living unto Him.

And still their silent ministries within our hearts have place,
As when on earth they walked with us and met us face to face.

Ours are they by an ownership nor time nor death can free;
For God hath given to love to keep its own eternally.

Conclusion

Let us live our lives here in a worthy way; let us persevere with diligence, full of the spirit of wisdom, firm in the assurance of those blessings which will be ours if effort is directed with sincerity of purpose. Let us look toward greater and broader horizons of learning, for only the celestial scope itself can compare with the vistas of knowledge. And let us never forget the debt that we owe here and the immeasurable bounty that has been ours.
